Harrisburg Radio Amateur's Club Newsletter

From The Desk of The President

I am not sure if you all have heard, but the Harrisburg Radio Amateurs Club is hosting a hamfest Saturday October 17, 2020. We lost a big opportunity this summer when we were not permitted to host the Firecracker hamfest in July, so now that restrictions have eased a bit, we now present an indoor, and outdoor event called, **OktoberFest**.

What this means to members is that we will need your help to make this happen. We need volunteers to help with a few things: Wednesday the 14th we need people to help place road signs to direct vendors, and guests to the site of the fest. If you are able to help, contact me by text at **717-979-9515**, and be sure to include your name and call sign in the text.

The day of **OktoberFest** we will need help to collect money and issue tickets as guests and vendors arrive, and direct them where to park, depending on how they will be selling, or not selling. We also need help at the doors to direct visitors, and inside to assist in all needs that arise during the event, Again, contact me at the number above.

There are day to day expenses involved in any club, and the way we help to pay these expenses is to host hamfests. I know, we could have bake sales, or hold raffles, but most of us bake by going to Giant, or Karnes and purchase something prepared. Please step up and help.

This time of the year is a great time to get involved in some of the outdoor operating events. A club member, Joe W3JPH, has been burning up the airwaves participating in Parks On The Air. Check with Joe to find out more. A simple setup can really get results, and if you are into social distancing, it is a great way to do it, and get out of the basement.

73, I'll see you at the next meeting, or at **OktoberFest** .

Your License

If you didn't already know the next time you renew or get a license there will be a \$50.00 fee!

Yes, that's right the federal government has decided that the free ride is over and there will now be a fee assessed to every new, renewed or modified license grant except for change of address. The way it is to work is you will need your FRN number and pay the Feds direct, As of now the VE Team will NOT be handling any of the payments. So we will have to see if this slows the growth of Amateur Radio. So for the 10 year life of your license that's only \$5.00 a year.

Upcoming Programs for 2020

October 14 - Club Meeting at VVA 8000 Derry St, Harrisburg

October 17 – Fall Hamfest

Please consider stepping up to make a presentation during one of the meetings that has an availability to do so. I know that everyone has an expertise in something, and can bring something to the table. Do more than consider, DO it.

Work continues of the trailer. Who is that masked man?
